

How to consign with us

About us

We are not your ordinary consignment shop! We provide a Christian atmosphere where women come together, make friends while shopping, join our many classes. We have customers that run into people they went to school with, or worked with. Where can you shop and have a reunion all in one day? We offer different types of events and classes such as, mixed media art, painting, crochet, jewelry events, etc. We have Bible Study that we call "Dipity Devotions" led by Sharon with over 25+ years of ministry. It is held every other Wednesday from 6:00-7:15 light snacks and drinks are provided. We can do private events / use our back room for your food and enjoy a discounted shopping experience for your guests. Call for details.

How does our Consignment work? It is a 60/40 split. We consign your items for 90 days. We offer 50/50 for artisans that provide handmade items. We do have a \$25 minimum that you must meet each month in order for a check to be issued.

We do our reports at the end of the month and we pay on the 15th of each month. We do NOT mail checks it is your responsibility to pick up your check. Please call before coming over to make sure the person that issues the check is in that day. Amounts that did not get over the \$25 minimum will be rolled over each month and if the account still has a balance below that minimum upon the consignment expiration that amount remains as a store credit. Checks are valid for 90 days from THAT pay date. All items after the expired date become property of the store. We do select different places within the community to donate to. If you wish to pick up your items we encourage you to remember which items you wish to pick up a week or two before your items expire. Please, if you plan to pick up your items we will be selective and limit you of how many we can take each drop off. It is time consuming to find your items. We do NOT provide a list or staff to locate your items.

We only accept items that are within the current season. We will not contact you

to let you know if you have sold items or when your consignment period is ending. It is your responsibility to check this and to see if you have a check issued.
